GENERAL INFORMATION

The Golf Center is a unique indoor setting. Five hitting stations with targets and a range 90 feet in length enable golfers to follow the beginning of their ball flight. The facility also includes a putting area; a sand bunker; and an elevated and contoured green for chipping and pitching.

Our PGA professionals guide players toward a more consistent swing and more enjoyment on the course.

Children under 16 are not allowed in the Golf Center unless they are taking a lesson or have completed the Junior Golf Certification.

For more information, and to register for lessons and programs, contact the Reservation Desk, ext. 222.

K-VEST Swing Analysis

The K-VEST uses wireless sensors placed on the golfer's hip, shoulder and hand to produce a live 3D animation that quickly identifies swing faults. This technology makes it possible to capture and measure physical motion in real time and precisely communicate the correct movement.

60-minute lesson: \$130

30-minute lesson: \$75

Series of five 30-minute lessons: \$350

Series of 10 30-minute lessons: \$600

30-minute practice session: \$25

Computerized Golf Swing Analysis

This tool uses laser technology and video to capture information such as club head speed, ball rotation, shot shape and distance. The system is available during private, one-hour golf lessons.

CLASSES

Sessions are four weeks. Check the Club Calendar for monthly schedules with days, dates and times.
